

Auckland Jewish Burial & Benevolent Society Inc.

July 2019 - Tamuz 5779

Dear Chevra,

We hope this finds you warm and well this winter season; we have passed mid-winter and are now on our way toward lighter days and the promises of spring.

We are writing to ask you to contribute to this year's B&B Annual Appeal.

Each year the B&B enable and meet the needs of community benevolence by distributing your collective donations. Your donation makes a critical contribution to our ability to support the community in many practical ways.

With your help, we can continue assisting people facing the challenges of poverty, illness, old age or marginalisation. We can't always offer total fixes for life's crises, but we can and do provide support when the going is at its toughest, often allowing precious time for longer term solutions to emerge.

We deeply appreciate the role that professionals and voluntary workers play in the community care of our community and, of course, your generosity will also be helping our work of consoling the bereaved and providing dignified and authentically Jewish funeral services when one of our members passes away.

Please continue to support and maintain the legacy of the Auckland Jewish Burial & Benevolent Society by making a donation. You can do this by direct credit from your bank account or you can fill in the slip at the bottom and send it back to us with your donation. Be it large or small, your contribution will be a fine example of *Tzedakah* in action.

With all good wishes and thanks,

Sue Berman
President

David Singer
Treasurer
